Evaluation of a Laboratory Rotation

Dear colleague, please take a few minutes to fill in this form. Further, we ask you to submit this form **shortly after completion** of all requirements of the lab rotation. This will help us being informed about the progress of our students.

- ◆ Evaluator (name, institution): _____
 - ◆ Name of student to be evaluated: _____
 - ◆ Period of lab rotation: _____
 - ◆ Field of research: _____
 - ◆ Methods applied / learned (please provide a few key words): _____
-

- ◆ She/he has submitted her/his lab report (tick): YES

Please note that the **first version of the lab report** submitted by the student is to be evaluated. Please return the lab report to the student with suggestion for improvement and indicate mandatory corrections that ought to be made (*one cycle of corrections* is sufficient!). In the end, the student is required to submit a hardcopy of the **revised version** of the lab report to you and to the Graduate School.

◆ **Assessment** of the student's performance during the lab rotation:

Dear colleague, we urge you to perform the assessment of the lab rotation thoughtful and responsible since these marks have a fairly high impact on the final grade of the master degree. In cases where the performances are mostly rated with "very good" (>50%), the Graduate School may request a second opinion from a colleague in the field (based on the oral presentation in the Graduate School seminar and on the written lab report). Thank you for your cooperation.

Rating of the performance (1 = very good, 2 = good, 3 = satisfactory, 4 = adequate):

		1	1.3	1.7	2	2.3	2.7	3	3.3	3.7	4	unsatisfactory
Understanding of theoretical framework - literature overview	(15%)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Practical work in the lab	(30%)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Generation of own ideas	(10%)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Oral presentation - discussion <small>(grading based on the talk in the Graduate School seminar)</small>	(15%)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Written lab report (<i>first version</i>) <small>(weight for final grading)</small>	(30%)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

◆ Additional comments (**required** if "very good" is awarded in all or most categories, otherwise optional):
